The Mordaunt-Short Genie 409W subwoofer is powered by a 200 watt digital amplifier and uses a 10" (25cm), long-throw down-firing CPC driver. It incorporates Mordaunt-Short's innovative Adjustable Notch Filter™ technology and ARC™ (Active Room Control) system. Unwanted room effects can be tuned out using the supplied set-up meter.

Mordaunt-Short's policy is one of continuous improvement. Design and specifications are therefore subject to change without prior notice.
